Master, I'm going now. Please deliver little Gujiu to school.

Cough

Uh-huh.
Still not used to wearing modern clothes
Then, I'll go to my university to take an exam. See you this evening! Bye bye!
Got it.

Master, I leave it up to you! Bye-bye*!
*He says bye-bye in english in the original

Staring at each other...

Can you walk on that foot now brat?

Can't Lianlian carry me?

I can't!
Firmly objects
What will you have me do then?

Snickers

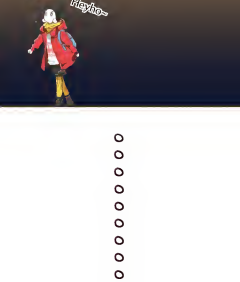
You've got a lot of guts, brat. Where'd you learn to speak like that?
Not important!

Sometimes I think you really don't act like a 7 year old.

My mental age is already 14 but you wouldn't understand...

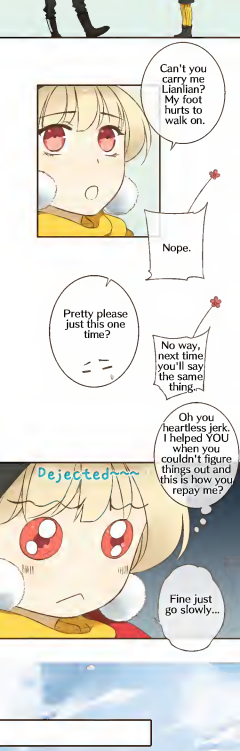
Let's go then. Come along brat.
Heyho~

Heyho~



Heyho~
Heyho~

So slow. Seems your foot is still weak after all?
Came back
This is as fast as I can go!



Can't you carry me Lianlian? My foot hurts to walk on.
Nope.
Pretty please just this one time?
No way, next time you'll say the same thing.
Oh you heartless jerk. I helped YOU when you couldn't figure things out and this is how you repay me?
Dejected~~~
Fine just go slowly...

Follow~
Follow~

In the end seems like I'm being too mean to this kid...

Hey brat does your foot really hurt?
Nods!

Here, since you begged me to carry you. You are my saviour after all.
I don't want you to get lost so I'll carry you. Understand?

Huh? Obviously I'm the one who'll be giving the directions...
Understood!

Click, click, click, click... how you're supposed to be a boy?

.....

What is it, Lianlian?

It's nothing.
Are my eyes playing tricks on me? Just now I could have sworn I felt someone spying on me.

That's Lian'er for you. He can still sense me through this crowd of people. It seems it won't be easy to get Him in my clutches.
